

My Name is:

---

I am \_\_\_\_\_ years old.

Glue a picture  
of yourself here.

# Do you know

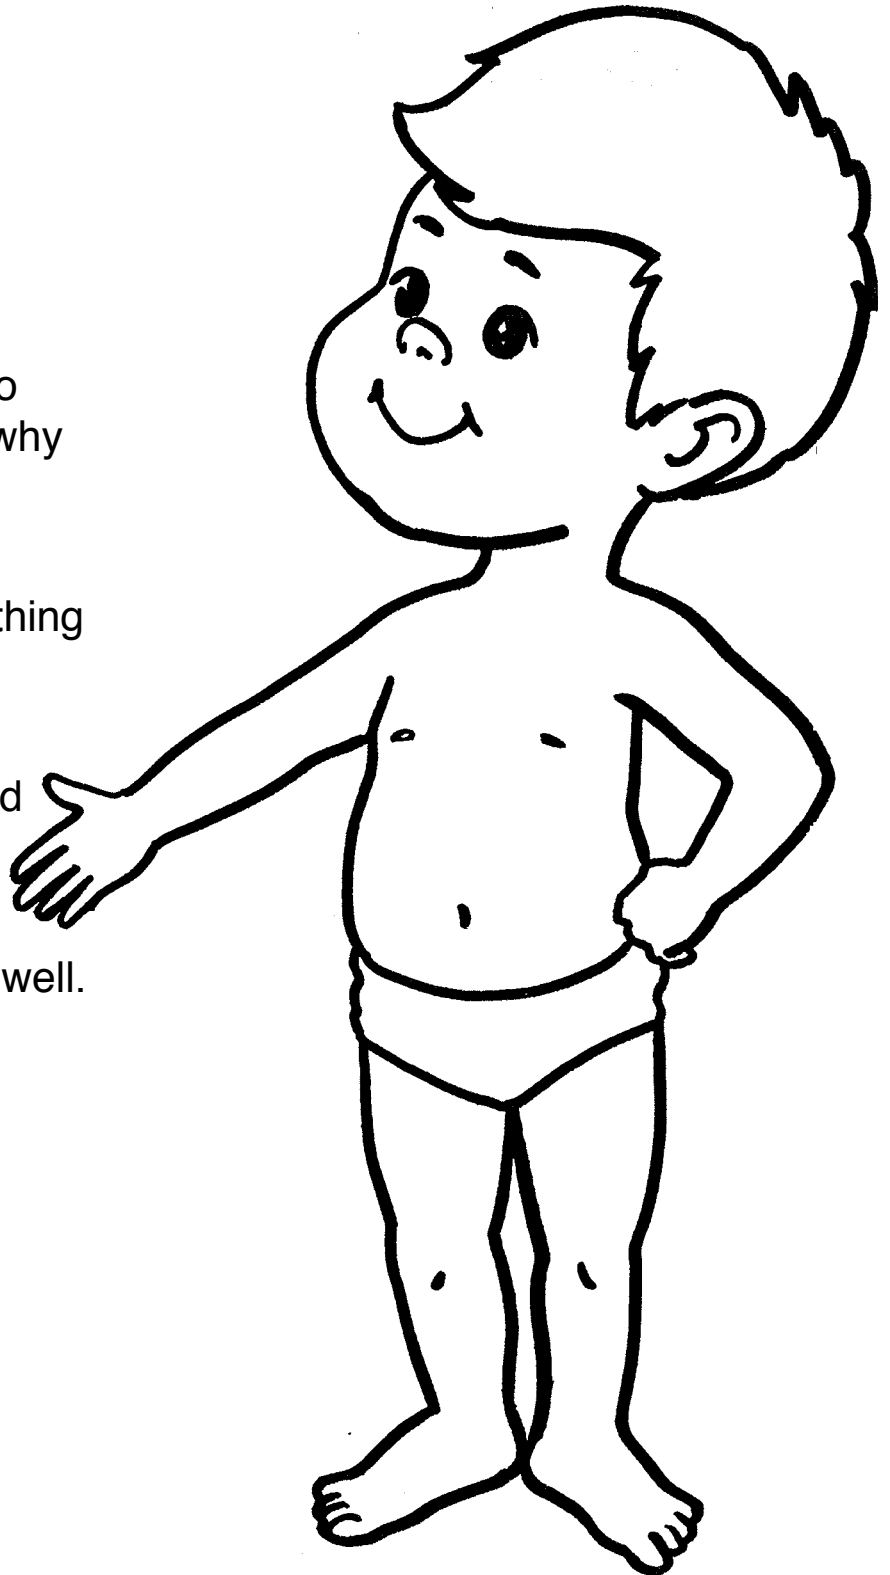

what part of your body needs to get well?

Mark the part on this picture. If you have trouble finding the part, ask a grown up to help you.

## Children

come to the hospital for different reasons:

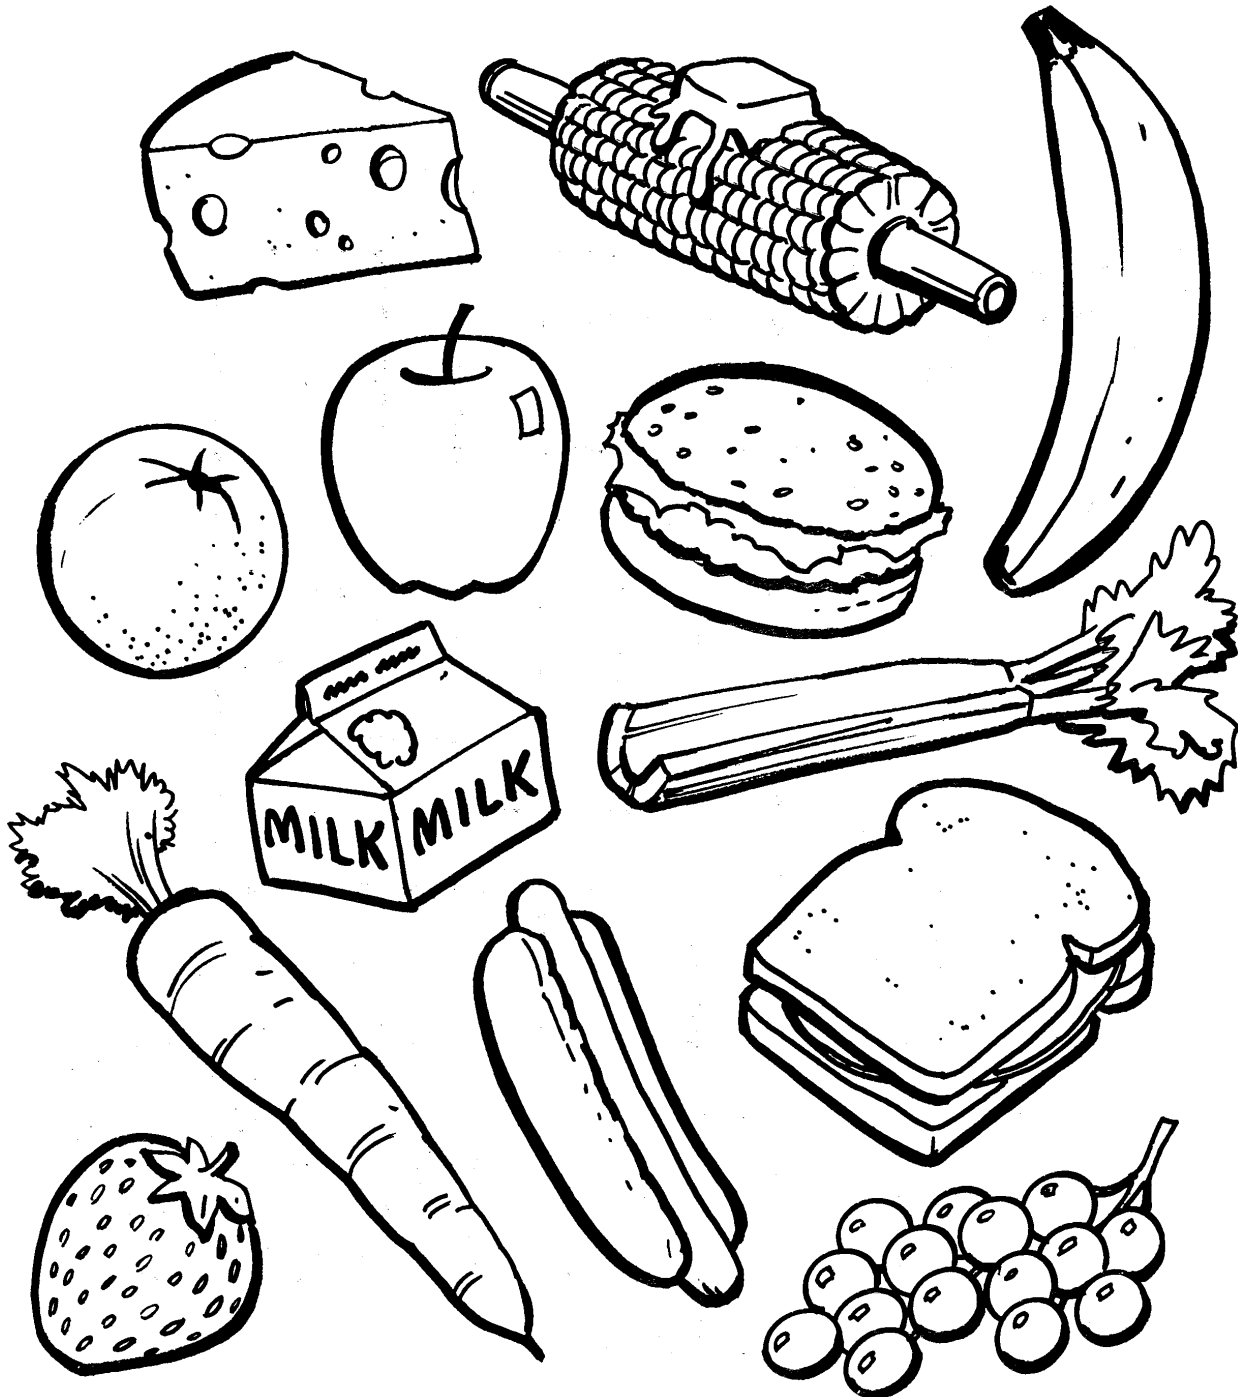

- Some children come to have tests to find out why they don't feel well.
- Some children need surgery to have something fixed in their bodies.
- Some children come because they have had an accident
- Some children come to get medicine to get well.

# Patients

get to eat special food. Sometimes you can choose what to eat from a menu, just like in restaurants.

Circle and color some of the foods you like in the picture.

# Autographs

It is nice to remember friends, doctors, nurses and other people you met while you were in the hospital. Have the people you want to remember sign this page.
